

This 'Day of Infamy' Noted in Hawaii

By ROBERT MYERS
PEARL HARBOR, Hawaii (AP) — The "Day of Infamy" was marked quietly and without ceremony today while the Navy at Pearl Harbor turned its attention to sports.

On Ford Island, less than a mile from the black-scarred coast where the Japanese attack of Dec. 7, 1941, was centered, a nine-hole golf course was dedicated. A boxing program at Bloch Gymnasium, across the water from the sunken hulk of the USS Arizona, featured five amateur Japanese fighters.

There was no official recognition of the 21st anniversary of the darkest moment in U.S. naval history.

A small boat shuttled between the shore and the memorial, as it has done daily since last Memorial Day when the shrine was completed. A Navy official said larger-than-usual crowds were expected to make the trip. Otherwise activity in the busy harbor was normal.

Veterans groups, other patriotic organizations and individuals planned to take flowers to honor the 1,102 men entombed in the Arizona.

Although it has done so in other years, the Navy scheduled no speeches or ceremonies above the battleship. A new policy of the Navy Department specifies that tributes to the dead of battle may be held only on Memorial Day.

The American flag was raised over the Arizona at dawn—a daily ritual. The Arizona is considered still in commission by the Navy because her crew is aboard. Giant aircraft carriers, nuclear submarines and other modern warships pipe a salute as they move by her berth.

The carrier Constellation—largest in the Pacific—stood alongside the Arizona Thursday and 4,000 members of her crew lined the deck to pay homage to the fallen warship.

The Arizona Memorial honors all dead of the Japanese attack. A total of 2,403 men perished in the terrible moments of a Sunday morning that marked America's entry into World War II. The Arizona died eight minutes after taking a bomb down her stack.

Four battleships were sunk, one was heavily damaged and three sustained light damage. Six—California, Maryland, Nevada, Tennessee, Pennsylvania and West Virginia—returned to carry the war to Japan. Only the Arizona and the Oklahoma, which sank while being towed to the West Coast, ended their battles at Pearl Harbor.

A former battleship, the target vessel Utah, was sent to the bottom in the attack. The Utah's rusting hulk still rests in the mud, a tomb for 54 men.

Lifts Ban on Twist Records

CAIRO (AP)—The United Arab Republic has lifted its ban on the twist and twist records.

The government announcement Thursday said "freedom of the arts" is replacing "censorship in the arts."

The government more than a year ago imposed an official ban on the American dance on account of its "demoralizing effect on those who dance it."

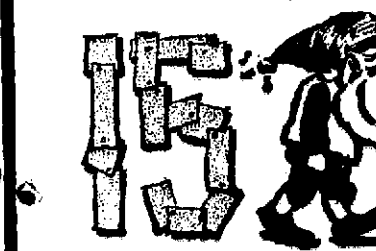

The government also banned the traditional belly dance last year, but lifted that ban after a month.

Navy Dependents Return to Cuba

NORFOLK, Va. (AP) — Thirty-one Navy dependents leave here by air today to return to Guantanamo Naval Base in Cuba.

They are the first of the dependents evacuated at the onset of the Cuban crisis to return.

The first dependents to return by sea will leave New York aboard the USNS Geiger Dec. 14. The Geiger is due to sail from New York again Dec. 19 with a second load of dependents.

Winter Hits Wide Areas Over Nation

CLEVELAND, Ohio (AP)—The snowstorm in a dozen years crippled northeastern Ohio today. Up to a foot and a half of snow was on the ground in one area and the U.S. Weather Bureau said no relief was expected before late tonight.

The heavy snow delayed trains and buses, grounded planes, shut down at least 50 factories and closed virtually all schools in a wide area and caused hundreds of accidents.

The storm moving into northern Ohio late Wednesday afternoon from the south, was powered this morning by winds of 30 to 35 miles an hour, with gusts up to 50 miles an hour. Temperature hovered near the freezing point.

The depth was not as great as in other snowstorms but the strong, biting winds piled drifts as high as five feet.

Hundreds of cars and trucks stalled, blocking practically all secondary roads. Bottlenecks at some Ohio Turnpike exits backed up traffic for six miles. Speed on the 241-mile toll road was about 20 miles an hour. One lane was open in each direction.

There were four storm-connected deaths in the Cleveland area. Some 30,000 customers of the Cleveland Electric Illuminating Co. were without power many since Thursday night. Snow laden lines snapped and others were knocked down by high winds.

Additional crews were summoned from utility companies in Columbus, Toledo, Dayton, Canton to restore service. The snowfall at 9 a.m. measured 18 inches at Novelty in Geauga County, with two- to three-foot drifts. Canton-Akron had 10-11 inches and Ashland had 8 to 10 inches.

Cleveland Hopkins Airport closed late Thursday night. A spokesman said this morning it will be at least 10 hours before runways can be opened.

Traffic at the airport halted as drifting snow blocked runways and made roads leading to the field impassable. As the snow continued to pile up and driving became more hazardous, many companies urged their employees to stay home. This included more than 4,000 at the National Aeronautics and Space Administration huge facility on the west side.

A former battleship, the target vessel Utah, was sent to the bottom in the attack. The Utah's rusting hulk still rests in the mud, a tomb for 54 men.

Two Wanted in Louisiana Kidnaping

BATON ROUGE, La. (AP) — Warrants of arrest were out today for two men wanted in connection with the kidnaping of two girls, 5 and 6, who were taken from their grandmother Wednesday.

Officers said it was the third time Joan Ruth Overton and Margaret Gayle Overton had been spirited away since they became involved in custody litigation.

The grandmother, Mrs. Katie Leona Overton, said that while she was walking the older girl to school Wednesday two men in a station wagon stopped, grabbed the girls and drove off. A woman was in the back seat of the station wagon, she said.

The children's father, Samuel E. Overton, has custody over the girls and their pre-school brother, under a decision of a district court in Rapides Parish. The mother moved to Arkansas after a November, 1959, divorce settlement.

Officers said the mother, Mrs. William B. Fortenberry, has the small boy, and was awarded custody of the children under a decision in an Arkansas court.

In the fall of 1960 the children were taken to Arkansas, and Mrs. Fortenberry refused to waive extradition. It was then that the Arkansas court held she was entitled to custody.

While the Fortenberrys were watching television their Jacksonville, Ark., home. Overton took his two daughters and returned them to Baton Rouge.

Herbert Truxton, School Health Education Consultant, from the Arkansas State Board of Health placed emphasis on some of the teaching materials being used in the 7th grade Medical Self Help Course for Mrs. Nita Batson, Gordon

Beasley far right, and Mrs. Inez Turner, left. Mr. Truxton taught today's lesson on Artificial Respiration. He emphasized mouth to mouth and back pressure arm lift method of resuscitation.

Kennedy to Visit Post in Nebraska

By FRANK CORMIER

WASHINGTON (AP)—President Kennedy has chosen this Pearl Harbor anniversary to visit the underground command post in Nebraska that would direct quick and terrible nuclear retaliation against any future attacker.

Kennedy was scheduled to fly from nearby Andrews Air Force Base, Md., to the Strategic Air Command (SAC) headquarters near Omaha.

This was the first leg of a three-day trip that also will take the President to top-secret nuclear development and testing stations in New Mexico and Nevada.

Before returning to Washington Monday morning, the chief executive will spend a day and a half relaxing at crooner Bing Crosby's home at Palm Desert, Calif.

Joining Kennedy for the military part of the tour were a dozen dignitaries including Vice President Lyndon B. Johnson, chairman Glenn T. Seaborg of the Atomic Energy Commission, Secretary of the Air Force Eugene M. Zuckert and military chiefs of the armed services.

The timing of the trip to SAC headquarters at Offutt AFB was unusual on two counts: First, it coincided with the 21st anniversary of Japan's sneak attack on the Pearl Harbor naval base—the signal for American entry into World War II. Second, it came as SAC was preparing to place the first Minuteman intercontinental missiles in combat-ready status. The solid fuel Minuteman can carry a nuclear punch 6,300 miles. Eventually, 800 of these missiles will form the core of the nation's deterrent power.

The White House, announcing the trip, did not mention the Dec. 7 anniversary.

The official announcement said Kennedy's motive for the tour was a desire to see for himself the progress being made by "Project Rover" scientists who are working on a nuclear-powered rocket engine, being developed at Los Alamos, N.M., and tested near Las Vegas, Nev.

If hopes for "Rover" are realized the engine may propel the first American to land on the moon.

On the schedule for Kennedy's 2½-hour stay at Offutt were trips through subterranean command rooms, one containing the famous "red phone"—the war phone over which the President would have to give a direct order before SAC's bombers and missiles could unload their burden of nuclear terror on the homeland of an enemy.

Found Guilty of Manslaughter

LAKE VILLAGE, Ark. (AP)—A Chicot Circuit Court jury found an Ashley County man guilty of involuntary manslaughter Thursday in the accidental shooting of a young deer hunter Nov. 12.

The jury deliberated 30 minutes before returning the verdict against R. T. Peoples, 44, of Boy-dell. Peoples was sentenced to two years in the state penitentiary.

He was charged in the shotgun death of Donnie Wayne Soward, 13, of Trumann, the first hunting fatality of the year. Both had been hunting about a mile south of state Highway 144 near Jerome.

Judge G. B. Colvin Jr. of Dermott said Peoples indicated he would not appeal.

Pros. Atty. Frank Wynne said Soward was sitting on a camp stool in the middle of a soybean field. He said the boy was wearing a red cap and red bandanna and had another red bandanna pinned to the back of his black and yellow Trumann High School jacket.

Nazi Victims Hearing Is Delayed

BERLIN (AP) — The presiding judge suspended today until Dec. 7 the hearing of a suit to ban the Association of Victims of the Nazis after a spectator rose and accused him of having been a Nazi and storm trooper.

Judge Fritz Werner said he would give defense lawyers until Dec. 5 to present the charge formally or disassociate themselves from it.

When the spectator, August Baumgart, said by government counsel to be a known Communist, made the charge the judge asked the counsel for the association if they wished to present the charge formally.

A member of the association's executive rose and said "yes." But other members shook their heads in the negative.

The West German government has asked the Federal Administrative Court to ban the association, alleging that it is a Communist organization. The Communist party has been banned in West Germany since 1956, and the government charges that the association is carrying on the party's activities.

The East bloc is waging a big propaganda campaign against the government suit. The Communist press likens the move against the association to the Der Spiegel magazine affair, which set off a Bonn government crisis. The aim is to stifle all opposition to Chancellor Konrad Adenauer's government, the Communists claim.

Test Run for Food Stamp Plan

LITTLE ROCK (AP) — The food stamp plan, which federal officials expected to displace the surplus commodities program, may begin a test run in Independence County March 1.

A. J. Moss, assistant welfare commissioner, said the date has been set tentatively and that administrative mechanics of the program would be worked out next week.

The state Welfare Department then will send teams into the county to explain the program and prepare necessary applications.

The stamps are free and may be redeemed in participating retail food stores in the county.

Silent on Birth Control Devices

LITTLE ROCK (AP) —Gov. Orval E. Faubus declined comment Thursday on an Illinois plan to provide birth control devices for unwed mothers on public welfare.

He also declined to say whether he would favor a birth control program in Arkansas.

Says Ruling Provides New Legal Basis

NEW ORLEANS (AP)—An attorney claims that a federal judge's decision in the Tulane University desegregation case could provide a new legal basis to thwart desegregation of public institutions.

U.S. Dist Judge Frank B. Ellis Jr. of New Orleans ruled Wednesday that Tulane, as a private institution, cannot be forced to admit Negroes.

Ellis — President Kennedy's civil defense director before being named to the federal bench—said there was not sufficient state involvement in the operation of Tulane to bring it within the scope of the 14th Amendment, the equal rights provision of the U.S. Constitution.

John P. Nelson, attorney for the two Negro women who sought to enter Tulane, said the decision "opens the door to new and more subtle forms of racial discrimination in higher education."

Nelson, in oral arguments and briefs, contended that a state university was transferred to the Tulane Educational Fund and that no new university was created. Tulane attorneys argued that the state institution called the University of Louisiana ceased to exist in 1884 and that a new private university, namely Tulane, came into existence.

Ellis cleared the way for Tulane to accept Negroes voluntarily, ruling that the state act under which the Tulane Educational Fund took over the University of Louisiana was unconstitutional to the extent that it compels discrimination.

Nelson said he will appeal the decision to the 5th U.S. Circuit Court of Appeals here.

Tulane has said it would admit Negroes "if it were permissible to do so."

The report covers activities of the guard for the fiscal years 1960 and 1961.

Changes in the board now proposed by the Defense Department are minor compared with the reorganization three years ago, state Guard officers said.

The success of the Arkansas Guard units, about 9 companies, sized units in 72 communities, is shown by ratings issued after annual inspections by the inspector general's office.

Wife Slayer Hopeful for Review

By CHARLES GREEN

SAN ANTONIO, Tex. (AP)—Col. John A. Herrington, sentenced to five years at hard labor and dismissal from the Air Force for killing his wife and wounding a son, started a long but hopeful wait today for a review of his case.

Herrington, 46, a career officer once high in U.S. nuclear planning circles, shot his wife to death and wounded a son, Joseph, 19, on Aug. 9.

A military court at Kelly Air Force Base found him guilty Thursday of voluntary manslaughter and attempted manslaughter and set the sentence. The defense had argued that Herrington was temporarily insane at the time of the shooting.

His case goes to Maj. Gen. W. T. Hudnell, commander of the San Antonio Air Materiel Area and Herrington's superior, for review.

Hudnell can reduce the sentence or dismiss it. He cannot increase the sentence.

A combat veteran who flew more than 40 missions in World War II and 30 in the Korean war, Herrington heard the conviction without any display of emotion. An hour and a half later he appeared stunned as the sentence was read.

Herrington now faces trial in a civilian court Feb. 2. His civilian lawyer, James Gardner, said a trial in a state court for the same offenses would not violate legal provisions against double jeopardy—being tried twice for the same crime.

Hopeful Russia Will Pull Men Out of Cuba

By LEWIS GULICK

WASHINGTON (AP)—U.S. authorities expect the Soviet Union to withdraw thousands of troops from Cuba now that Red bombers and missiles have been pulled from the island.

American intelligence sources estimate there are 9,000 to 15,000 Soviet troops in Cuba. Many were assigned to install and man the offensive weapons.

The Pentagon said Thursday Navy patrol planes had counted 42 bombers aboard Soviet ships outbound from Cuba. This is the total U.S. officials they had in Cuba — somewhat more than American experts had estimated.

This apparently completes the removal of Soviet offensive weapons from Cuba.

Nearly a month ago, the U.S. Navy counted 42 Soviet missiles on their way out. U. S. authorities said they know of none remaining in Cuba.

They said U.S. negotiators will press in discussions with Soviet representatives in New York for removal of the Soviet troops. The Soviet Union, the authorities said, is expected to pull the men out.

It was understood Premier Khrushchev informed President Kennedy last month that Russian ground troops associated with the weapons would be withdrawn.

At his last news conference, Nov. 20, Kennedy said "a number of Soviet ground combat units" were in Cuba. "We are informed," he added, "that these and other Soviet units were associated with the protection of offensive weapons systems and will also be withdrawn in due course."

Will Discuss Death Penalty

"Can capital punishment be justified under the laws of God?" The answer, both pro and con, will be outlined in an address by Circuit Judge Lyle Brown at 8:30 p. m. Monday, December 10.

Judge Brown is scheduled to address the monthly meeting of the Baptist Brotherhood, to be held in fellowship hall of the new educational building.

A supper meeting will precede the address in which more than 100 men are expected to be in attendance and to appear this timely topic by Judge Brown.

37 Miners Still Trapped 4,000 Underground

CARMICHAELS, Pa. (AP) — Rescue workers poked o within some 4,000 feet today of 37 men trapped deep underground by a tremendous coal mine explosion.

U.S. Steel Corp., which operates the Robena No. 3 mine, said a check of its records showed a 37th man missing. A total of 28 men were believed trapped at first.

The men have not been heard from since the explosion at 1:15 p. m. Thursday.

Rescue crews had gone slightly more than halfway into the 100-mile tunnel from the mine shaft after more than 22 hours of digging.

By BEN DEFOREST

CARMICHAELS, Pa. (AP)—Rescue workers, slowed by deadly gases, wormed their way through tons of rubble today toward 36 men trapped 650 feet underground by a shattering mine blast.

Arkansas Guard Highly Efficient

LITTLE ROCK (AP)—A report filed by the state Military Department with the Secretary of State's office indicates the Arkansas National Guard has been highly efficient since its reorganization three years ago.

Since the state Guard was shifted from the old World War II triangular division to the pentomic division, Arkansas has for two years, 1960 and 1961, led the Fourth Army in its degree of readiness.

The Fourth Army area includes Arkansas, Louisiana, New Mexico, Oklahoma and Texas.

In 1959 a rifle team from the state Guard placed ninth in the nation.

The report covers activities of the guard for the fiscal years 1960 and 1961.

Changes in the board now proposed by the Defense Department are minor compared with the reorganization three years ago, state Guard officers said.

The success of the Arkansas Guard units, about 9 companies, sized units in 72 communities, is shown by ratings issued after annual inspections by the inspector general's office.

London Gets Some Relief; 90 Are Dead

By JOHN GALE

LONDON (AP)—Dense smog clung to the British capital today for the fourth day and the known death toll rose to 90. But brighter conditions were forecast.

The weather bureau said many parts of the metropolitan area would clear during the day with smog returning in lesser quantities tonight.

"There is a slow improvement in the general situation and we expect this to continue," a spokesman said.

The smog settled in Monday night and eased once for a few hours Thursday. But Thursday night London groaned to a standstill again as the black pall descended.

Except for a few stragglers, all the city's buses returned to their depots by 10:30 p.m., two hours before normal quitting time. Train schedules remained in chaos.

Even in the brightly lit West End, people groped their way through the shrouded shopping streets.

Now Is the Fat Man's Finest Hour

By HAL BOYLE

NEW YORK (AP)—Now is the fat man's finest hour.
A fat man leads a mixed-up life in our calorie-conscious civilization.

For five weeks a year he is a hero—the king of the hill. The rest of the year he is a dumpy clown, a figure—an over-sized figure—of ridicule to his skinny inferiors.

This is the season—between Thanksgiving Day and New Year—that separates the fat men from the lean boys.

This is the brief season when everybody truly loves a fat man because he looks like those two symbols of harvest and human kindness—the pumpkin and Santa Claus.

It makes everybody happy even to see a fat man come over their horizon like a waddling cloud. He

belies up to the wassail bowl and drinks mightily. He spills more calories on his necktie at lunch than the average man consumes in a day. He buffers the buffet for a third huge helping as the other guests gaily urge him on with remarks like, "Come on, have another piece of mince pie," and "My, doesn't it do you, soul good to see someone get such real pleasure out of living?"

On New Year's Day, facing a mountain of unpaid bills and worn out by intemperate indulgence, people suddenly weary of Santa

is in the flesh so perfect an image of the joyous spirit of the time.

Even strangers come up to the fat man and poke a playful finger in his chubby stomach and say things like:

"There's a lot of good living in there, eh?"
"Better than money in the bank, isn't it?"

"Well, you're at least one fellow who can take it with him, aren't you?"

The fat man is inundated with invitations to seasonal festivities of every kind. He becomes the life of every party. For what kind of a party is it around Christmas that doesn't have a jolly fat man there, booming with laughter?

It makes other people feel good just to see the fat man eat and drink—living life up the way mankind feels it ought to be year round in a feast of endless plenty.

United to appreciation, the fat man falls for this accolade like a hungry kid turned loose in a store full of all-day suckers.

He bellies up to the wassail bowl and drinks mightily. He spills more calories on his necktie at lunch than the average man consumes in a day. He buffers the buffet for a third huge helping as the other guests gaily urge him on with remarks like, "Come on, have another piece of mince pie," and "My, doesn't it do you, soul good to see someone get such real pleasure out of living?"

Phone Firm Seeks to Borrow Cash

LITTLE ROCK (AP)—The Lavaca Telephone Co. asked the state Public Service Commission today for authority to borrow \$238,000 from the U.S. government through the Rural Electrification Administration of the Agriculture Department.

The company said the money would be used to build and equip a new telephone exchange and to provide service to an anticipated 315 additional subscribers over the next five years.

The company now serves 192 subscribers in Lavaca and adjoining rural areas of Sebastian County.

Claus and the holiday mood. And who do they turn on? Why, the fat man. They blame him for their own orgies. He becomes the scapegoat for all.

They point scornful fingers at the bounteous stomach they so lately praised and say: "Ugh."

All at once nobody loves the fat man. He doesn't have a friend in the world, not even himself. And all he did was try to please a fickle public.

So enjoy yourself now, fat man—it won't last.

Mr. Farmer:
ARE YOUR DEBTS IN BALANCE?

Many farmers have their short-term debts completely out-of-balance with their long-term obligations. Good farm management requires that operating or short-term credit be kept in balance with capital or long-term credit. Proper balance enables orderly retirement of all obligations without repayment being a burden.

Thousands of farmers have found that a LAND BANK LOAN provides the key to a balanced debt load. It could well be the answer to your credit problem.

Visit us today. See how our services can be profitable to you. There is no obligation.

Hopeful Russia

Continued From Page One

Some of the Soviet troops were said to have been used to protect the missile site positions and to man the estimated two dozen anti-aircraft missile installations that U.S. experts believe the Soviets set up to defend their offensive weapons complex.

The anti-aircraft installations feature 20 to 25-mile range surface-to-air missiles. Washington wants these dismantled, too, though there is no current report the Soviets are doing so.

So far, officials said, several hundred Soviet soldiers have been seen aboard ships leaving Cuba. A large-scale troop withdrawal, U.S. strategists believe, would not only weaken the Kremlin hold on Cuba, but lessen the chance of a U.S.-Soviet clash should the United States decide to move against Cuba in the future.

"The Soviet bombers and missile swarms the offensive weapons Kennedy demanded the Soviet Union remove from Cuba.

Prospects of a formal diplomatic accord growing out of the New York negotiations appear nil. Kennedy is opposed to giving the formal no-invasion pledge which Khrushchev wants until there is effective international inspection of Cuba, which the Reds refuse.

Brahmaputra River from Tezpur, Nehru told a public meeting the people of northeast India had stood up well to the Chinese threat.

He warned the country faced a long struggle against the Chinese aggression. He said the five-year plans for economic development will continue despite the defense effort.

While in Tezpur, Nehru will check on whether the Chinese are carrying out their promise to withdraw their invasion armies behind the McMahon Line frontier.

There has been no official announcement on the situation since Nehru said Monday the Chinese appeared to be thinning out their troops but were not withdrawing advance units.

Satellite on Secret Mission

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force has sent another satellite on a secret mission from this missile base.

The Air Force said only that the satellite was launched Tuesday and that it employed a Thor-Agena booster combination. This combination has been used to launch satellites in the Discoverer series.

DOROTHY DIX

NAVY COUPLE WAGE PRIVATE COLD WAR

By HELEN WORDEN ERSKINE

Dear Helen: My husband and I went steady four years, then he joined the Navy. We married in a hurry because he wanted a baby right off.

During the first months of my pregnancy I went to a Florida naval base with him. Then he said I had to go back home because he would be in photography school. I went to his folks. We didn't hit it off. The doctor said I'd lose the baby if they kept upsetting me, so I moved to my parents' home.

My husband flew back for a 15-day furlough and I had the baby. Everything was fine as long as I was in the hospital but when I came back with our baby to my family, he refused to stay with me, insisting I save all my allotment checks and live with his parents where it would cost me nothing. I balked. His mother had told me not to come back.

Too, I wanted to raise my baby the way I, not she, wanted to. Both she and my husband hit the ceiling when I rented an apartment.

Why should I save my allotment checks when he gambles away his pay? He writes to his mother but never to me or baby. All he worries about is getting a fine car to whiz around in and to heck with responsibility. He's always saying "Grow up!"

Well, he should do some growing up himself. He's just turned 20 and still acts the kid — forever tied to Mama's apron strings. Can you help us? —B.

Dear B.: It's evidently a tug of war between your husband's folks and you as to whom shall dominate. Try to avoid an open break for, after all, they became part of your life when you married their son. And, much as you would like to, you can't ignore them entirely.

You were sensible to establish a base of your own, however. Remain in the apartment, provided you are living within your husband's allotment checks. You didn't mention the purpose for which he wanted to save them. If he home, then budget so that you can put a portion of the allotment toward this every month. Prove your maturity by being a good manager.

I wouldn't worry too much about your husband growing up. The Navy will see to that. If he likes photography, encourage him to remain in that branch of the service. Show an interest in what he's doing. Familiarize yourself with his work so that you can discuss it with him intelligently. If you care enough, he will voluntarily turn more and more to you.

Never forget that the successful wife is a combination of

37 Miners

Continued From Page One

Evans blamed the blast on a combination of gas and coal dust. He described it as tremendous.

The mine, one of the world's largest soft coal operations, is about 50 miles southwest of Pittsburgh. It produces coal for U.S. Steel's Clairton, Pa., works.

The mine shaft drops straight down 525 feet from the surface. At that point there is a sloping tunnel without branches extending two miles to the working face. The tunnel drops gradually from 525 feet to 650 feet. That's the point where the men are trapped. There is only one exit to the surface.

Mine officials said air coming up from the mine shaft contains large amounts of carbon dioxide, indicating there is fire in the blast area.

The first indication of anything wrong was the reported failure of an electric exhaust fan. It blew out, but was repaired in 10 minutes. Five minutes later it conked out again.

James Girod, an assistant mine superintendent, said the first crews down the shaft detected dust coming from all directions, indicating an explosion or fire.

The major problem for the rescue teams was to pump bad air out and clean air in. Concrete ventilation shafts had buckled under the blast.

Inside a corrugated steel shack above the surface some three dozen relatives of trapped miners waited in bitter wintry weather for news.

The explosion happened on the 5th anniversary of the worst U.S. mine accident on record. On Dec. 6, 1907, a disaster in a mine at Monongah, W. Va., killed 361 persons.

Dear Helen: My husband is gaga about blondes. I have a friend who dyed her hair pale gold and everytime she goes out with us he follows her around like a puppy. Though married 28 years and past 150, I'm not unattractive and my brown hair hasn't a single strand of gray in it. Yet I might as well be the corner lamp post as far as my husband's concerned. Only blondes register with him now. What shall I do? —Left Behind.

Dear Left: Do the obvious. Turn into a blonde. Go to the best hairdresser in town and along with the golden tinting, get yourself a new hair-do.

Dear Helen: Try as I will, nothing I cook is ever to my husband's taste. He bellows like some 10-year-old brat no matter what I put before him. And it's the same when we go to my folks.

You'd think he was Mr. Ritz himself, the way he boasts about his knowledge of good food. I have put up with his know-it-all talk for 21 years too long. Instead of things getting better they are worse. What can I do? —Very Unhappy.

Dear Very: If your husband is such a gourmet, give him a chance to show his talents. Invite four friends in for Sunday night supper. Ask him to help plan the menu. It should be simple: a main dish, salad, hot bread and a special dessert like crepes suzette or Coup Maroon.

Make six copies of menus and recipes and pass out along with aprons to the guests as they arrive. Some may never have cooked before but that's part of the fun. Allot each a special spot in the kitchen in which to work. Give your husband the responsibility of preparing the main dish: a casserole or Lamb a La Terapin. I gave such a party one time. It was a great novelty and everybody, including the amateurs, had fun. Ina Claire, the beautiful Broadway star, stuffed baked potatoes; Florence Kimball (I continue Price's singing teacher) whipped up delicious popovers and an army major tried his hand (very successfully) at the mixed salad.

The host, my first husband, John Erskine, improvised the main dish, hot dogs in Burgundy. I made the crepes suzette. If your husband is interested in trying Lamb a La Terapin, tell him to send a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available.

Send your problems to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. (Dorothy Dix is a registered trademark.) A Bell Syndicate Feature

Holdup Man Is Dressed as Woman

CONWAY, Ark. (AP)—A man dressed in women's clothing entered a general repair shop here Tuesday, pulled a gun and robbed an employee of a small amount of cash, police said.

Clifford Moore, the employee, said the man wore a blue and white spotted dress with a scarf over his head. He wore men's shoes, he said.

Officers said the man escaped by running through a parking lot

Yule Season in New York Opens

NEW YORK (AP)—Rockefeller Center has ushered in the Christmas season with the lighting of 7,000 clear bulbs on a 87-foot Maine evergreen in the plaza between 49th and 50th Streets.

The tree is further ornamented with 5,000 gold-colored aluminum disks that reflect the light of the bulbs.

The official tree-lighting was held Thursday night, featuring Christmas music by the 100-voice West Point cadet glee club.

River Port Authority

DARDANELLE, Ark. (AP)—The Dardanelle City Council has adopted an ordinance creating an Arkansas River Port Authority, the members of which will be appointed by the mayor next year after city officers are installed.

Soldier Killed in Oklahoma

MULDROW, Okla. (AP)—A soldier stationed at Ft. Chaffee, Ark. was killed early today when his auto smashed into the rear of a cattle truck near this eastern Oklahoma town.
The victim was William L. Lawrence, 22.
Highway Patrolman Leonard Hayes said the accident, five miles east of Muldrow on U.S. 64, injured a passenger in Lawrence's car—Leonard Hand, Little Rock, Ark., hospital. Truck driver Robert Vanleck, West Plains, Mo., was not hurt.

Ruling Made on Death Certificates

LITTLE ROCK (AP)—The attorney general's office ruled today that county courts can order death certificates issued for persons apparently killed but whose bodies cannot be recovered.
Dr. J. T. Herron, state health officer, asked for the opinion in connection with a 1961 Crittenden County case in which a Negro man and his son fell into the Mississippi River from the Arkansas side of the Memphis - Arkansas bridge.
Bodies of Prince Garrett and his son, Prince Jr., were never recovered.
State law says the county courts can take evidence from people acquainted with circumstances surrounding alleged deaths and order death certificates accepted and filed by the Health Department's Bureau of Vital Statistics.

Fatal Accident Near Harrison

HARRISON, Ark. (AP)—W. L. Croslin, 39, of Batesville, was killed in a traffic accident Wednesday night on Highway 62, one-half mile east of Pyatt.
State police said Croslin and his son-in-law, Bobby Wisdom, 23, also of Batesville, were pushing their stalled pick-up truck to get it started just after the two jumped in the cab to start the truck. It was struck from the rear by another pickup driven by Leslie C. McDonald, 48, of Cotter, police said.
Officers said the Croslin truck hit the bridge over Crooked Creek and the victim was thrown from the car.
McDonald was taken to the Yellville hospital for treatment of minor injuries. His mother, Mrs. Lillis McDonald, 73, a passenger, was taken to a Harrison hospital with a fractured arm. Wisdom was not hurt, police said.

Mississippi State Highly Rated Team

By BOB GREEN
Associated Press Sports Writer

Mississippi State, probably one of the strongest college basketball teams in the country, isn't likely to go anywhere.

Not that they won't win a bundle of games, maybe even more than any other team in the rugged Southeastern Conference. And that includes potent Kentucky.

But the Bulldogs are barred by tradition from competing against schools with Negro players. That eliminates them from the NCAA and NIT post-season events, just as it did last season.

So about all the Bulldogs can show for—in addition to the SEC title—is improving on last season's record. That may take a bit of doing, since Mississippi State was 24-1 for the year and 13-1 in the conference, matching Kentucky for the top.

Coch. Babe McCarthy's veteran crew, ranked fifth in the nation, appears to be well on its way. They showed a diversified, accurate attack which powered them past Louisiana Tech 80-67 Thursday night, their second straight triumph this season and 15th in a row.

St. Bonaventure, trying to regain a spot in the national ratings, romped to an 80-56 triumph over Villa Madonna, unbeaten. New Mexico scored a surprisingly easy 90-66 victory over Texas Tech. Notre Dame's young team beat St. Francis, Pa., 101-70. Illinois trimmed Washington of St. Louis 99-55 and Utah beat Los Angeles Stat 69-46.

Columbia beat Colgate 78-67. Georgia topped South Carolina 85-72. Georgia Tech bombed Southern Methodist 73-56. Florida romped over Florida State 80-59. Boston College beat Harvard 57-45, and Miami, Fla. defeated Rhode Island 80-80.

Tournament Finals Set for Tonight

By THE ASSOCIATED PRESS
Little Rock Central meets Little Rock Hall tonight in the finals of the City Tournament at Little Rock, while eight teams vie for spots in the finals of the Arkansas A&M Invitational basketball tournament at Monticello.

Central downed North Little Rock 62-51 and Hall blasted Catholic High 74-43 in City Tournament action Thursday night.

At Monticello, Portland defeated Fountain Hill 49-39 and Woodlawn beat Hampton 71-49 in Class B games Thursday night. Earlier in the day, Monticello swept past Crossett 60-39 and White Hall dropped Rison 72-49 in the Class A division.

Semifinal pairings tonight at Monticello put New Edinburgh against Grady and Portland against Woodlawn in Class B games, while Watson Chapel tries Dermott and Monticello faces Whitehall in Class A action.

It may be a battle of individuals in the Tiger-Warrior clash tonight at Little Rock.

Tommy Trantham dunked 28 points for Central Thursday night while John Moss accounted for 23 of Hall's markers. Both men like to shoot from the outside and both sparkplugged the victories for their teams Thursday night.

49er Halfback Breaks His Leg

SAN FRANCISCO (AP) — San Francisco 49er halfback Bill Kilmer suffered a compound fracture of his right leg Wednesday night when his convertible sped off a freeway in suburban Belmont, ran over a cement sign base, continued 435 feet across a field and landed in a gully of water.

The right side of the car and part of Kilmer lay in the water until rescuers pried open a car door and lifted Kilmer to safety, the California Highway patrol said.

The former UCLA star had been driving alone north on the Bayshore Freeway when he passed a car, then apparently lost control of his auto.

"He can't explain what happened," said 49er Coach Red Hickey, who rushed to see Kilmer in San Mateo Community Hospital, as soon as he heard of the accident.

After emergency care, Kilmer was transferred to St. Mary's Hospital in San Francisco. X-rays had not been fully evaluated, said 49er team physician Dr. Lloyd Milburn.

Milburn emphasized that the fracture was a major injury. But he said it was too early to tell if it might mean the end of Kilmer's football career.

SW Players on All Star Selection

LITTLE ROCK (AP) — Billy Moore, University of Arkansas quarterback, was named to the second team of The Associated Press' 1962 All-America football squad today and four of his Razorback teammates made the honorable mention list.

They were guard Ray Trail, tackle Jerry Mazzanti, fullback Danny Brabham and halfback Jesse Branch.

Moore, a 170-pound senior, stood out in every game the Porskers played. He led the Southwest Conference in rushing with 585 yards, was third in passing with 51 completions on 91 attempts for 673 yards, was second in total offense with 1,258 yards on 222 plays, led in scoring with 84 points and threw five touchdown passes.

Moore was the only unanimous choice on the AP All-Southwest Conference team, announced last week.

John Truedwell, Texas guard, was named to the AP All-America first team and Ray Schoenke, Southern Methodist tackle, made the second team.

Other Southwest Conference players on the honorable mention list were ends Dave Parks of Texas Tech, Gene Raesz of Rice, Tommy Lucas of Texas and Tom Magoffin of TCU; tackles Scott Appleton of Texas and Melvin Simmons of Texas A&M; guards Bob Burk of Baylor and Bob Mangum of TCU; centers Jerry Hopkins of Texas A&M and John Hughes of SMU; and backs Tommy Ford, Ray Poage and Pat Calpepper of Texas, Ron Goodwin and Don Trull of Baylor.

Arizona Grid Team Best Offensively

NEW YORK (AP) — Arizona State University wound up the college football season as the biggest offensive threat in the country and Mississippi proved the stingiest team on the gridiron, according to NCAA final statistics released today.

The Sun Devils, who completed a 7-2-1 campaign, averaged 384.4 yards a game, almost 10 more than runner-up Oregon State, which had a 375.2 mark.

The Rebels, who take their 9-0 record into the Jan. 1 Sugar Bowl, allowed only 142.2 yards a game edging Memphis State, with a 147.1 average.

Ohio State was tops in rushing offense, Tulsa the leader in passing, Minnesota No. 1 in rushing defense and New Mexico first in passing defense.

The Buckeyes rolled up an average 278.9 yards a game, winning that title by a large margin over resurgent Oklahoma, which had a 265.9 mark. The Sooners also were third in total offense as they finished an 8-2 season.

Tulsa won in the aerial race with 199.3 yards a game to 195.3 for No. 2 Northwestern.

Minnesota allowed only 52.2 yards a game on the ground to take the rushing defense championship and New Mexico permitted 56.8 yards a game in the air to win the forward pass defense crown.

Star Visits Local Youth

Last week when Dallas Cowboys' Star Quarterback Eddie LeBaron came to Hope to address the local football squad he took time off to pay a visit to a local youth. He is shown giving encouragement to Keith Byrd who is recovering from a leg amputation.

Montreal Star Suffers Injury

TORONTO (AP)—Bernie Geoffrion, Montreal Canadiens' star right winger, suffered a fractured right wrist in a collision with Toronto Maple Leaf goalie Johnny Bower Wednesday night.

The injury came in the third period of Montreal's National Hockey League 2-1 loss to Toronto. Geoffrion scored Montreal's only goal on the play but hit his wrist on Bower's chin.

Conference Teams Lose Two Games

By THE ASSOCIATED PRESS

Southwest Conference basketball teams lost a pair of interconference games Thursday night, and a busy weekend lies ahead for all eight members of the league.

Georgia Tech whipped the Southern Methodist University Mustangs 73-56 while New Mexico took an easy 90-66 victory over Texas Tech.

Friday night Texas Christian is host to Centenary of Shevport at Fort Worth. Saturday night it is Texas A&M vs. Memphis State at College Station, Baylor vs. Houston at Houston, Arkansas vs. Missouri at Columbia, Rice vs. Louisiana State at Baton Rouge, Southern Methodist vs. Vanderbilt at Nashville, Texas Tech vs. Florida at Lubbock and Texas vs. Tulane at New Orleans.

Thursday night's loss at Atlanta was the second for SMU in three games.

Georgia Tech's soph sensation, 6-foot-9 Jim Caldwell led a furious scoring spree in the second half. Georgia Tech led 30-27 at halftime.

Dave Siegmund, 6-foot-7 SMU star, paced the Mustangs with 14 points and teammate Dave Somerville tallied 13.

It was the second loss in as many starts for Texas Tech's Red Raiders. Ira Harge, 6-foot-8 New

LRU Defeats Henderson

ARKADELPHIA, Ark. (AP) — Little Rock University dumped Henderson College 49-34 in a slow-moving game here Wednesday night.
